

Analyze This! How to improve services for people with disabilities at the Department of State

Project Title	Analyze This! How to improve services for people with disabilities at the Department of State
Project Summary	Like data? Can you unlock the power of data through pictures? Want to use your analytical prowess for good? Then come work for the Office of Accessibility and Accommodations (OAA)! We recruit and support people with disabilities (pwd) and need help with better using our data for decision-making.
Country	United States

Project Description

OAA provides centralized disability services to advance the Department of State's mission worldwide. We need dashboards to help track timeliness, volume of requests, and work flow. Depending on your interest, additional duties around producing a monthly newsletter, finding office team building exercises, and creating short training videos may also be assigned.

Required Skills or Interests

Skill(s)
Data analysis
Data visualization
Editing and proofreading
Graphic design
Infographic design
Videography
Writing

Additional Information

You will be part of four interns nationwide and matched with people in our office. In return for delivering results, we commit to get to know you and your interests, support your career goals, and help you navigate the federal application process if you so choose to become one of us!

Language Requirements

None
